

## DETOX TABLET INSTRUCTIONS

### WHY DETOX

Washing machines and dishwashers need cleaning out every now and again, especially if you have been using powder and liquids for some time. They tend to leave deposits in the pipes and crevices, which can lead to unpleasant smells and build-ups. Limescale can also build up inside your machines, especially in hard water areas. Over time your appliances may become less efficient.

- ✓ Cleans washine machine and dishwasher
- ✓ Removes build up from limescale and detergents
- ✓ Removes bad odours
- ✓ Maintains the health of your machines

### CLEAN THE MACHINES RATHER THAN MASKING THE PROBLEM

Use an ecoegg Detox Tablet before using your Laundry Egg® in your washing machine for the first time, and then once a month after. While a lot of us are familiar with strong, chemically fragranced detergents, *strong fragrance doesn't always mean clean*. The Laundry Egg gets the job done WHILEST being gentle on sensitive skin, and is even rated "excellent" for delicate skin.

Both machines can get yucky build up from liquid, powder or pod detergents, and this build up can start to rot inside your machine. Traditional heavy chemical fragrances simply mask this smell with strong fragrances, which is why we recommend detoxing your machine FIRST. Our fragrance is not overpowering, so detox your machine once a month for best results, especially when using a Laundry Egg® in your washing machine.

### DANGER

**WARNING!** Causes Serious eye damage. Harmful if swallowed. Keep out of reach of children and pets. Read Label before use. If medical advice is needed, have product container or label at hand. Wear protective gloves/ eye protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTRE/doctor. IF SWALLOWED: Call a POISON CENTRE/doctor if you feel unwell. Dispose of contents in accordance with local regulation. Contains tetrasodium tris(peroxol) decarbonate (30%-40% oxygen bleaching agent). Also contains amongst other ingredients: Perfume, Limonene, Geraniol, Citral.

## INSTRUCTIONS FOR USE

### WASHING MACHINE

#### 1. REMOVE THE DETOX TABLET FROM THE WRAPPER

The wrapper is 100% recyclable. PLEASE recycle it!

#### 2. PLACE THE TABLET IN THE EMPTY MACHINE DRUM

Put the Detox Tablet directly into the drum of your washing machine. It does not matter if it is a side-loading or top-loading machine. DO NOT put any clothes in during the detox cycle.

#### 3. CHOOSE THE HOTTEST + LONGEST CYCLE

Except for the Detox Tablet, leave the drum completely empty and put the machine on the hottest and longest cycle it has. Remember, the ecoegg Laundry Egg should not be used above 60°C / 140°F. It is only for the detox cycle that you should use a hotter wash.

### DISHWASHER

#### 1. REMOVE THE DETOX TABLET FROM THE WRAPPER

The wrapper is 100% recyclable. PLEASE recycle it!

#### 2. PLACE IT IN THE BOTTOM OF YOUR EMPTY DISHWASHER OR IN THE DRAWER

Put the Detox Tablet directly into the bottom of your dishwasher machine or in the drawer. It does not matter if it is a side-loading or top-loading machine. DO NOT put any dishes in during the detox cycle.

#### 3. CHOOSE THE HOTTEST + LONGEST CYCLE

Run the hottest and longest cycle on your dishwasher.
